

[e1] One should not  
re-introduce capital  
punishment in  
Germany,

[e2] since no one  
can claim the right  
to rule over the  
life or death of  
another human being.

[e3] Capital  
punishment will not  
deter anyone else  
from an atrocity.

[e4] Everyone must  
be given the chance  
to hone their  
conscience and  
possibly make amends  
for their deed.
